THE CANADIAN MANUFACTURERS' ASSOCIATION

Toronto, Canada

from sea to sea

The Canadian Manufacturer's Association, the spokesman for manufacturers of every size and kind in Canada, is structured regionally and locally as well as nationally.

The Association's seven regional Divisions and 33 local Branches are autonomous and initiate action within their own jurisdictions. Their elected representatives participate fully in policy making for the Association as a whole.

The full resources of the CMA are behind the regional Divisions, each of which has its own office and staff and complements the national body in the work of serving manufacturers.

REGIONAL OFFICES FROM SEA TO SEA

NOVA SCOTIA/NEWFOUNDLAND DIVISION

We think we make good things better

In Manitoba, we are proud of a lot of things these days. We are proud that companies are taking advantage of our comfortable "climate" for business growth. More important, we are pleased that in many cases, the products and services offered by Manitoba companies are not only better in quality and craftsmanship than outside competitors, but often less expensive.

Our clothing, food and beverage products, furniture, agricultural equipment, printing products, aerospace, electronics and electrical products, health care products, machinery and transportation equipment, and many other fine Manitoba manufactured goods can easily stand the test of competition.

About one-half of our manufactured goods are bought outside Manitoba by people and companies located in Western Canada, the Midwest United States, Ontario, and other national and world markets.

Yes, we think we make good things better in Manitoba and we are ready, willing and able to provide information to help you find this out for yourself. Whether you're interested in taking advantage of our sunny and warm business climate or want more information on any Manitoba-made products, call or write: Market Development, 701–155 Carlton Street, One Lakeview Square, Winnipeg, Manitoba R3C 3H8. Telephone (204) 944-2466.

EXPANDING? Consider Cornwall

Located between the financial centres of Toronto and Montreal — Cornwall is in the middle of the steel industry of North America.

- a diversified labour force
- availability and access to raw materials
- and excellent distribution systems to the market place.

Give Cornwall the edge over other industrial locations.

Montreal — 79 miles
Ottawa — 70 miles
Rochester — 200 miles
Toronto — 264 miles
Hamilton — 305 miles
Albany — 152 miles
Syracuse — 115 miles

The
TOWN OF MARKHAM

Markham offers financial stability, economy and efficiency. Within minutes of Metropolitan Toronto, Markham is the fastest growing municipality in the Region.

Tax rates are attractively low with a solid financial base. The town general tax rate did not increase from 1976 to 1979 inclusive. Official plan monitoring policies have been adopted to control the desired assessment ratio between Industrial, Commercial & Residential to ensure the continuance of existing economical tax rates.

Transportation is efficient with easy access to all major highways, rail and water routes. Markham provides suburban living at its best. Excellent recreation facilities include modern arenas and fitness centres, swimming pools, golf courses, community centres and numerous parks.

Find out why many major industries have made the RIGHT decision to locate in Markham's attractive industrial locations.

Our continuous and successful rate of expansion most assuredly speaks for itself.

Contact: Mr. E.A. Barton
Treasurer and Industrial Commissioner

Trading overseas?
We've got the connections.

From the Port of Toronto, the industries of Canada's heartland can ship to over 45 countries round the world. 32 shipping lines serve the Port regularly. Modern container-handling facilities, excellent security and first-rate road, rail and pipeline services make this an efficient, low-cost, way of moving goods.

Now, with the opening of the World Trade Centre, Toronto, importers and exporters can call on a whole new range of services. Members receive advice and assistance with market development and location of suppliers and buyers and can call on the resources of over 90 affiliated World Trade Centres around the globe.

Made in Chambly, business is beautiful.
Chambly Industrial Park lends itself naturally to pharmaceuticals, food processing and electronic and mechanical engineering. Its 140 fully serviced birch-grown acres are only fifteen minutes from Montreal's downtown business world.

But life Made in Chambly is even more beautiful.
A long-established bilingual community on the tree-lined shores of beautiful Chambly Basin, the city has preserved its historical cachet dating back to the very founding of Canada. And it's all fifteen minutes from downtown Montreal's restaurants and theatres.
Chambly comes clean.

MEET US IN ST-HUBERT

The site of the world's busiest airports is a site you should see. With its jet airport, Pratt and Whitney plant, and Aerotechnical Institute, **St. Hubert** is geared to the air age. Yet industries from steel to lithography, from chemicals to cabinetry, have found **St. Hubert** offers them the opportunities they want. Close to 50 million square feet have been zoned for industrial development in an area that centers on the continent's key sea, land, and air routes. Families will have the advantages of a near-rural environment, 8 miles from Montreal, and quality educations in English and French. More and more industries are meeting in **St. Hubert**. Call the Director of Economic Development collect, at (514) 676-7744 and find out more good reason why.

THE CANADIAN MANUFACTURERS' ASSOCIATION

Toronto, Canada

GUIDE TO CLASSIFIED LIST OF PRODUCTS

The alphabetical order of product classifications in the succeeding pages is arranged according to the noun or most important word, which is normally placed first in the heading, *e.g.,* Furniture, office; Hardware, builders'; Leather, boot and shoe upper, etc. This allows the grouping of similar articles. In other cases, where the inversion is unnatural, the headings have been listed as they are commonly known, *e.g.,* Air Appliances; Fire Escapes, etc. Cross references have been supplied where two or more names are used to describe the same article, and in other cases to assist the reader in locating the listing needed.

Street addresses and other details of the firms listed in this section are shown in the alphabetical list of manufacturers — Section B.

A glossary of the product headings in French followed by the English equivalent may be found in Section G. In limited editions a Spanish glossary appears instead of the French.

Firms interested in exporting their products are marked with a star.

Classified List of PRODUCTS MANUFACTURED IN CANADA

With the Names of the Firms Manufacturing Them

A

ABATTOIR EQUIPMENT, Hooks, Travellers, etc.

Acme Welding & Supply (77) Ltd., Winnipeg, Man.
Canadian Butchers' Supply Company, Ltd., Montreal, Que.
★Canadian Rogers Western (1971) Ltd., Winnipeg, Man. (Meat vats and trucks).
Caristrap Corporation, Chomedey, Que.
Johnson Bros. Mfg. International, Winnipeg, Man.
★Ledesco Ltd., L'Assomption, Que.
Lock, J.H., & Sons, Limited, Toronto, Ont.
M B E Ltd., Subsidiary of Dominion Bridge Co., Limited, Winnipeg, Man.
MacDonald Bros. Metal Fabricators Ltd., Winnipeg, Man.
★McGruer Metal Products Inc., Ville St. Pierre, Que.
Metal Fabricators and Welding Ltd., Edmonton, Alta.
Rudolph Industries, Downsview, Ont.
★Simonsen, Knud, Industries Ltd., Rexdale, Ont. (Meat smoking and cooking).

ABRASIVE BELTS.

★**DRESSER INDUSTRIES CANADA, LTD., INDUSTRIAL PRODUCTS DIVISION, Mississauga, Ont.** (See adv. page A19-24).

★BLUE GIANT EQUIPMENT OF CANADA LTD., Brampton, Ont.

MECHANICAL AND HYDRAULIC DOCK LEVELERS – Automatically adjusts and maintains position for tilted trucks and load changes; patented swing-away lip; maintains positive truck contact; widths to 84"; lengths to suit most height adjustments above and below dock level; capacities to 40,000 lb.

MINIDOCK – for pit or weld-on/bolt-on installation; offers counter-balanced deck with simple lever operation, compensation for tilted trucks, firm lip contact.

DOCK SEALS – Tough polyurethane foam enclosed in long-wearing coated nylon with an outer face of abrasion-resistant material. When truck backs against seal and contacts dock, the foam pad is compressed and molded to the shape of the truck, forming a continuous, top-to-bottom, airtight seal.

DOCK SHELTERS – Trucks back into a dock shelter rather than against it, as with a dock seal. The complete truck opening is accessible for easy unloading and loading, yet is fully enclosed for full weather protection.

DOCK BUMPERS – A complete line of tough, resilient, abrasion-resistant, and long lasting bumpers that provide maximum protection against damage to dock, building, and vehicle.
